Courtauld Books Online is a series of scholarly books published by The Courtauld Institute of Art. The series includes research publications that emerge from Courtauld Research Forum events and Courtauld projects involving an array of outstanding scholars from art history and conservation across the world. It is an open-access series, freely available to readers to read online and to download without charge. The series has been developed in the context of research priorities of The Courtauld which emphasise the extension of knowledge in the fields of art history and conservation, and the development of new patterns of explanation.
